

## ARTS & CRAFTS MADE EASY!

The Snap & Go team knows that searching for arts & crafts materials can get redundant at times and some beginners may not know where to begin searching for such materials. That is where we step in and handle that bothersome task for you, so that you can just focus on building your wonderful creations!

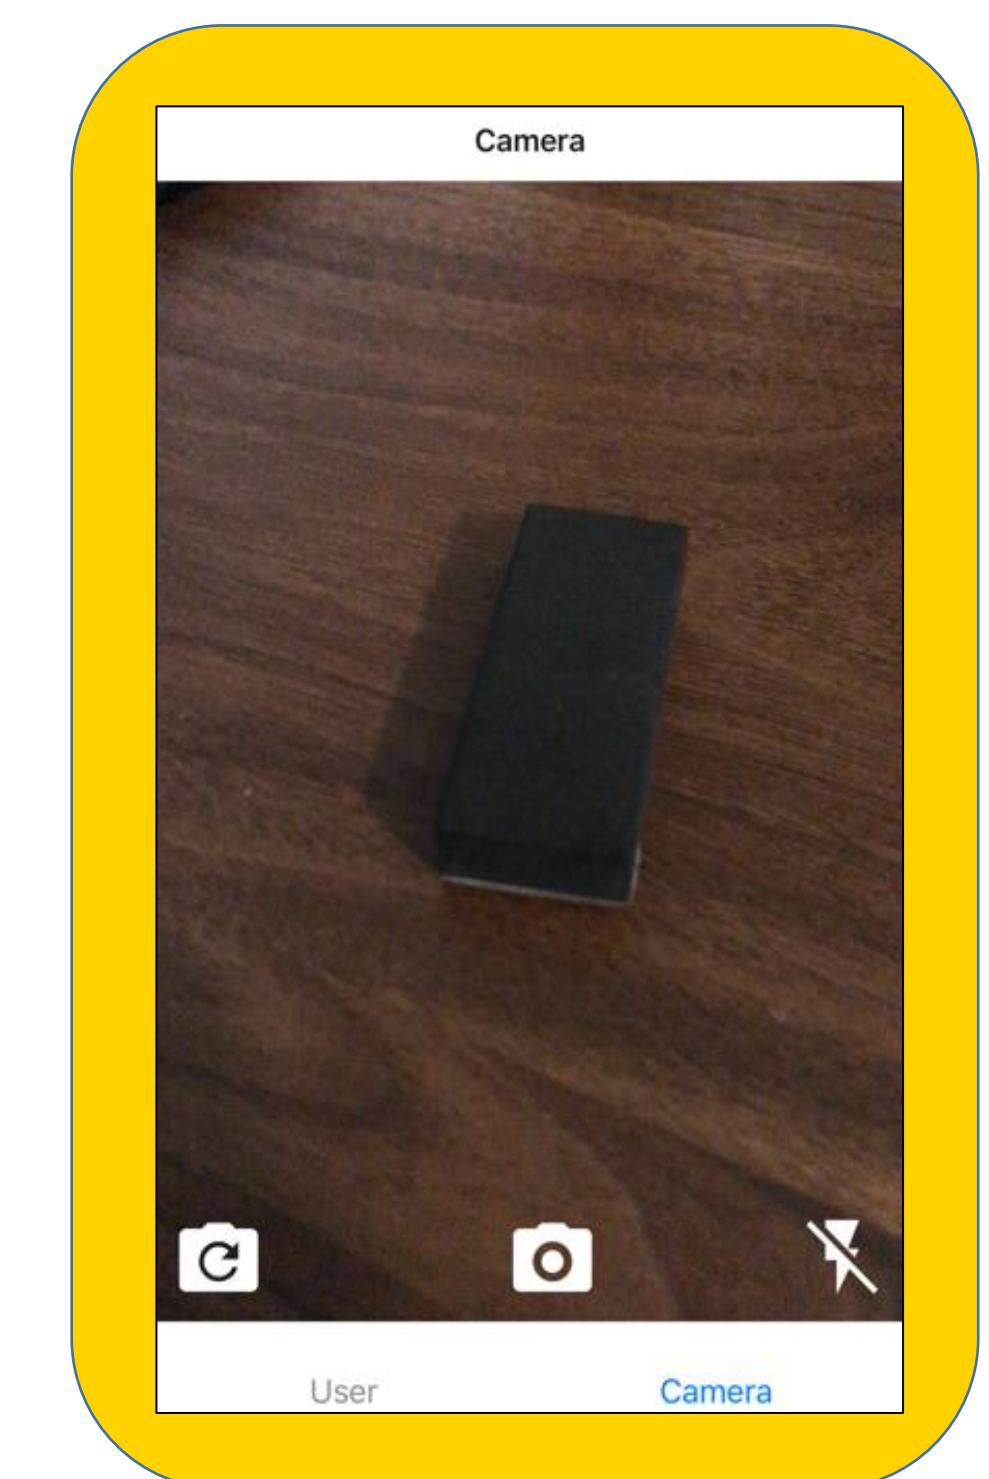

## JUST SCAN & GO!

Using the latest image recognition software, we can detect almost any arts & crafts material available in the market. With our intuitive app, anyone can easily find what they are looking for! It's as simple as just taking a picture and we will bring back the best deals on materials and relevant projects in a flash!

## NEED SOME INSPIRATION?

Sometimes all someone needs is a bit of inspiration to create a true work of art. Our app scans the web for related projects that you can make with materials you already have! If you find yourself stuck in front of some arts and crafts materials with a blank mind of where to proceed, try taking a picture and see what projects you could be tackling on next!

## AVAILABLE ACCOUNT CREATION!

Want to keep track of your previous searches? Create an account on our app or login with your google account and we will securely maintain your search history for your utmost convenience!
